

What does Hume mean to me?

By Lianna Zacharczyk

What does Hume mean to me?

There are so many answers can't you see

My first UF friendships started here,

I cherish these relationships oh so dear

The strangers you say hi to in the hall,

Will become the people you ask to play spikeball

Watching the sunset from my room,

Makes me forget everything is on zoom.

I love picking packages up from packcity,

Knowing I have mail makes me giddy

Even washing my laundry is fun,

After going on Hume field to do a run

Hume is more than a hall,

It's the best dorm of them all

And I know no matter how far from Gainesville I roam,

Hume will always be my forever home.
